ABOUT THE BOSA

As BosaCups, with 20 years of experience in cups production, we service the market with a production capacity of 300.000 units per month in our 2000 square meter production facilities established in Istanbul.

Including the most demanded models in the fashion industry, our wide range of products contain swimwear, bikinis, bras, evening and party dresses to wedding dresses, medical, fitness wear and sportswear products.

As BosaCups, we follow contemporary trends in fashion industry as we manufacture our own molds and machinery to respond to a wide variety of demands on the market. All BosaCups products have Ekotex certificates and are manufactured with anti-carcinogenic properties.

BOSA

Boğaziçi Kap Sanayi

With 20 years of experience in the sector under our belt, preserving our service and product quality above a certain level has always been our primary goal.

We have always been determined to sticking to certain principles such as honesty and sincerity which have helped us in becoming one of the leading companies in fashion and apparel production in Turkey.

WHERE WE ARE?

We have been exporting products to countries like Italy, Israel, Greece, France, Switzerland, Romania, Russia, Bulgaria, Portugal, Germany, Bosnia and Herzegovina, Spain, Serbia and Hungary trading with leading companies that operate in sports, fitness and health sectors from both domestic and overseas markets.
